JVC MUSICAL INDUSTRIES, INC. AND LUCASARTS ENTERTAINMENT CO.

JVC Musical Industries, Inc. ("JVC") and LucasArts Entertainment Company ("LucasArts") warrant to the original purchaser of this JVC and LucasArts software product that the medium on which this computer program is recorded is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This JVC and LucasArts software program is sold "as is," without express or implied warranty of any kind, and JVC and LucasArts are not liable for any losses or damages of any kind resulting from use of this program. JVC and LucasArts agree for a period of ninety (90) days to either repair or replace, at its option, free of charge, any JVC and LucasArts defective software product, postage paid, with proof of date of purchase, at its Customer Service Center. Replacement of the cartridge, free of charge to the original purchaser (except for the cost of returning the cartridge) is the full extent of our liability. To receive this warranty service:

1. Return your defective Game Pak to the retailer.

2. For additional inquiries, contact:

JVC Musical Industries, Inc./LucasArts Entertainment Company
Nintendo Game Pak Customer Service Center
3800 Barham Blvd., Suite 305
Los Angeles, CA 90068
Telephone: 213-878-0101

This warranty is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the JVC and LucasArts software product has arisen through abuse, unreasonable use, mistreatment, or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE JVC AND LUCASARTS. ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED TO NINETY DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL LUCASARTS OR JVC BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations and exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

EPISODE IV A NEW HOPE

It is a period of civil war. Rebel spaceships, striking from a hidden base, have won their first victory against the evil Galactic Empire.

During the battle, Rebel spies managed to steal secret plans to the Empire's ultimate weapon, the **Death Star**, an armored space station with enough power to destroy an entire planet.

Pursued by the Empire's sinister agents, Princess Leia races home aboard her starship, custodian of the stolen plans that can save her people and restore freedom to the galaxy...

HOW TO PLAY

"SUPER STAR WARS" is a single-player action-arcade game which takes place in a galaxy far, far away. An evil galactic Emperor and his menacing servant Darth Vader, Lord of the Sith, rules this galaxy. But a Rebel Alliance has formed to fight back and protect peaceful planets against the ruthless Empire. In an effort to subdue the Alliance, Lord Vader and his Imperial Forces have taken one of the Alliance's leaders, the beautiful Princess Leia Organa, prisoner. Now they threaten to conquer and destroy planets with their new and hostile space station- codename: DEATH STAR.

You begin your adventure as young Luke Skywalker on your home planet of Tatooine. From there, on foot and in your hovering landspeeder, you fight against subhuman creatures and the Sarlacc Pit Monster. Finally, after arriving in the city of Mos Eisley, you find your friends Han Solo and Chewbacca and leave with them to join Rebel Forces. Then, the race is on for you to rescue the Princess, and to attack the dreaded Death Star in your X-wing starfighter before the Emperor and his Imperial Forces destroy another peaceful planet.

This action-arcade game consists of many side-view and first-person levels. At the end of the side-view level, you will confront a huge, ugly Super Boss. After defeating it, you will advance to the next level. In the first-person levels, you fly a vehicle and engage in battle against attacking enemies. After defeating a certain amount of enemies successfully, you will move on to the next stage.

Be careful, your heroes have a limited amount of health and lives. There are many items you can pick up which will increase your health, life and weapon power.

BEGINNING THE ACTION

Insert the game pak into your Super NES.™ Turn on the power. At the title screen you have two choices: **Start Game** and **Options**.

① Start Game: Press the **Start** button and get ready to plunge into the the awesome Super Star Wars action arcade game.

② Options: Press the **Start** button and it will take you to the Option screen. The Options are: **Easy**, **Brave** and **Jedi**. Use your Control Pad up/down to move between these choices. Use your Control Pad left/right to cycle through the different sub-options of your selected choice.

Difficulty: Choose a difficulty game level between **Easy**, **Brave**, and **Jedi**.

Sound Mode: You may play the game in **Stereo** or **Mono**.

Control Pad: This lets you cycle through various button control combinations.

THE CONTROLS

Side-View Levels

Your heroes, Luke Skywalker, Han Solo, and Chewbacca are very easy to control. Press the Control Pad in the direction you want to move. To use your blaster or lightsaber press the Control Pad and the Y button in the direction you want to fire. Holding the Fire button down and pressing the Control Pad will let you shoot in eight directions.

Start Button: Press to enter your choice from the option screen. Press to pause and begin during the game.

Select Button: Press to change weapon. Same as A button.

Control Pad: Press to move your hero and aim your shooting direction.

Y Button: Press to shoot. Hold down for rapid fire.

B Button: Press to jump.

X Button: Press to activate plasma detonators (if available).

A Button: Press to change your weapon.

L Button: Press to look down.

R Button: Press to look up.

Special Button Combinations

Up and B Button: Press Control Pad **Up** and **B Button** to activate SUPERJUMP.

Diagonal Down and B Button: Press Control Pad **Diagonal Down** and **B Button** to slide in the appropriate direction.

Down and B Button: Press Control Pad **Down** and **B Button** to drop down to lower platforms.

Hold Y Button and Control Pad: Hold **Y Button** and use the **Control Pad** to shoot in all possible directions.

NOTE: The above button selections are the defaults for your controller. You may arrange these buttons yourself through the OPTION selection at the start of the game.

First-Person Levels

You are controlling a special vehicle, such as the landspeeder or the X-wing starfighter.

Start Button: Press to pause and begin during the game.

Select Button: Press to pause and begin during the game.

Control Pad: Press to move your vehicle in the appropriate direction.

Y Button: Press to shoot. Hold down for rapid fire.

L Button: Press to fire left proton torpedo (X-Wing only).

R Button: Press to fire right proton torpedo (X-Wing only).

GAME SCREEN

Health Bar Indicator: By picking up "Health Sword" icons you will extend your overall Health Bar Indicator.

Score: Every time you destroy an enemy you will receive points which will be added immediately to your overall score list.

Time Bonus: If you complete a level in less than the given time displayed at the beginning of the level, you will receive bonus points, which will be added to your overall score.

SCORING SCREEN

Time Bonus: Bonus points for time remaining on completed level.

Life Bonus: Bonus points for hero's lives remaining.

X-Wing Cockpit

YOUR WEAPONS AND POWER-UPS

Your hero can power-up his blaster by picking up the blaster icon. Once you have collected this icon you will be able to shoot with a more powerful weapon, but you will lose your previous power-up weapon. You may switch between your regular laser blaster and your power-up blaster by pressing the A-Button (default setting). If your hero dies you will lose your blaster power-up and continue with your regular laser blaster.

If you are controlling Luke you are also able to choose your lightsaber.

Laser Blaster
Standard gun.

Flame Blaster
Eliminates your enemy
with a fire blast.

Proton Seeker
These Energy Protons will follow
your enemy and destroy them.

Rapid Ion Gun
Fires a powerful rapid
ion blast.

Plasma Wave Blaster
Launch it at your enemies and watch them
get destroyed by a plasma wave blast.

Plasma Shield

This Plasma shield will protect you for a short amount of time against enemy hits.

Thermal Detonators

Use these Thermal Detonators against your enemy and watch them be vaponzed by an energy blast.

Health

Pick up these power-ups to increase your health.

Time

Pick up to increase your time.
Bonus added at the end of the level.

Bonus

After picking-up this bonus, the item points you collect will double.

Health Sword

Pick up these items to increase your overall health bar indicator

Extra Life

This will add another life to your hero.
